Subject: 83% Water Increase in Surprise

**ORIGINAL**

Mr. Stump,

We just received the e-mail from Mitzi Mills regarding the "settlement" for the rate increase for Surprise. We are very disappointed, and feel that this is still too much of an increase and hope that you would vote **against** this settlement.

We have expressed our feelings at meetings downtown and at the rally in Surprise, and as a commissioner it is necessary for you to help us in this matter. Maybe we need to rethink our voting decisions when the next election time rolls around, and perhaps we need some commissioners who will indeed represent the people of Surprise.

Ron & Pam Pietrandoni
